Verify your vaccination status

If you have been fully vaccinated in the UK, you can scan a document or attach a file showing your NHS COVID Pass to verify your vaccination status. If you do not have a QR code, or you are unable to scan it to verify your vaccination status, select 'No' below and continue. You will be able to verify your vaccination status at the UK border if this applies to you.

You must scan or attach a file with a single QR code, and it must be the QR code proving that you have had a full course of COVID-19 vaccinations. If you scan or upload a file with the incorrect QR code, or that has multiple QR codes, you will not be able to verify your vaccination status.

You can view information on how to generate an NHS COVID Pass here.

Your medical data will not be stored or transferred as part of this process. For more details on how we process your data, view our privacy policy.

Testing after you arrive in the UK

You must book a coronavirus (COVID-19) test package for when you arrive in the UK.

- If you have only been in green list countries, you must book a day 2 test.
- If you have been in or travelled through an amber list country or island you must book tests for day 2 and day 8, **unless** you meet the vaccine eligibility criteria.

Find out more about testing requirements and how they apply to different countries here.

There may be another specific reason why you are exempt from testing or have bespoke testing arrangements. You can check if you are exempt from having to book coronavirus test for when you arrive in the UK.

Test to Release

If you are self-isolating in England, you can choose to use the Test to Release scheme. This could reduce how long you need to self-isolate for.

If you are not required to self-isolate, you do not need to use Test to Release.

If you plan to use Test to Release, book an extra coronavirus (COVID-19) test from an approved Test to Release provider.

You must still take tests from the coronavirus travel test package you booked for after you arrive in the UK, even if your Test to Release result means you can end self-isolation early.

Are you using Test to Release?

◯ Yes   ⬤ No

If you are self-isolating in England and later decide to use the Test to Release scheme, you must complete a new passenger locator form and provide details of your test provider.
